

LUIS LOPEZ RONDON

Tampa, FL | 813-520-1054 | llopezrondon@usf.edu | linkedin.com/in/luislopezrondon | luislopezrondon.github.io

Education

University of South Florida

Bachelor of Science in Electrical Engineering, GPA: 4.00

Tampa, FL

Expected May 2030

Hillsborough College

Associate of Arts, GPA: 4.00, 101 Credit Hours

Tampa, FL

May 2026

- Relevant coursework: Calculus III, Differential Equations.

A.P. Leto Comprehensive High School

GPA: 3.98

Tampa, FL

May 2026

Experience

Tutoring Club of Westchase

Math and Reading Tutor

Tampa, FL

January 2026 – August 2026

- Tutored up to 3 students at a time in reading and mathematics curriculum.
- Helped students review mistakes, strengthen problem-solving strategies, and prepare for SAT practice material.

Leadership & Activities

IEEE at USF, EXO

Electronics and Circuitry Lead

Tampa, FL

2026 – Present

- Developing the electrical system for an exoskeleton leg driven by 48V CubeMars AK80-9 actuators, including DC-DC rails for the Jetson Nano and Teensy logic.
- Designing a hardware e-stop that cuts the motor bus while keeping control electronics powered, alongside a software e-stop for development testing.
- Compiling and evaluating 48V battery options, comparing pre-built and custom packs on capacity, weight, size, and discharge rating.
- Designed PCBs linking a flex-sensor glove to a servo-driven robotic hand in a mimetic hand project.
- Teach PCB design fundamentals to newer members and run an Altium workshop where students design a PID-stabilized spoon for Parkinson's tremors.
- Lead electronics decisions for budgeting, prototyping, and integration planning.

Mu Alpha Theta

President

Tampa, FL

August 2023 – May 2026

- Restarted the school's chapter after years of inactivity; launched tutoring initiatives and led volunteering events.
- Tutored 20+ students to help them earn benchmarks on the Florida PERT Exam.
- Individually tutored 10+ students in AP Calculus, AP Physics, and SAT preparation.

Mu Alpha Theta Calculus Team

Captain

Tampa, FL

August 2023 – May 2026

- Led the team to place Top 5 in four regional competitions.
- Helped lead the school to the State Convention for the first time in 20 years.

Skills

Hardware: PCB design, power distribution and DC-DC regulation, battery systems, e-stop and safety circuitry

Tools & Platforms: Altium Designer, KiCad, ESP32, Teensy

Leadership: Technical workshops, tutoring program development, student organization leadership

Awards & Recognition

National Merit Finalist, Sunshine State Scholar, 1530 SAT, Mu Alpha Theta Regional Competitions Top 5
